Dear Police Officer Applicant:

We are currently accepting applications for the position of police officer. Our web site at [www.southlakepd.com](http://www.southlakepd.com) contains a wealth of information that can help you decide if our police department is a good fit for your career aspirations. You should know that we are seeking motivated individuals who possess a high degree of integrity and a sincere desire to join our team of professionals.

It is important that you provide detailed and accurate information on the application. You are also encouraged to include a resume and/or other supporting documentation relevant to the position, since the initial screening of applicants will be based solely on the information you provide. Leaving out pertinent information could jeopardize your continuation in the selection process. Please make sure to indicate if you are currently POST licensed as a police officer or the date in which you will be eligible to be POST licensed as a police officer.

All applicant notifications will be conducted by e-mail, so make sure the e-mail address you put on the application is legible and valid. If you do not have access to e-mail, please note this on the application.

I appreciate your interest in being part of our organization.

Sincerely,

*Bryan Litsey*
